

## Registration for the EuroTeQ Course Catalogue for the summer semester 2025 is open

Registration for the EuroTeQ online Course Catalogue for the summer semester 2025 is open until **November 29**.

Students can choose from over 100 different online lecture courses from a wide range of disciplines such as Computer Science and ICT, Data, AI, Entrepreneurship, Business and Economics, Engineering and many more.

Participation in the Course catalogue offers the opportunity to expand your international experience without the need for a long-term stay abroad.

The courses are organized by partner universities of the [EuroTeQ alliance](#): [Technical University of Munich \(TUM\)](#), [Technical University of Denmark \(DTU\)](#), [Eindhoven University of Technology \(TU/e\)](#), [École Polytechnique \(l'X\)](#), [Tallinn University of Technology \(TalTech\)](#), [Technion](#) and [École Polytechnique Fédérale de Lausanne \(EPFL\)](#)

Course availability is allocated as per the order of applications received, on the first-come first-serve basis.

The list of courses and the application form is available here:
