

Invitation to the 15th annual conference

NMM 2024

Nano & Macro Mechanics

Department of Mechanics
Faculty of Civil Engineering
CTU in Prague

September 12

The conference is intended for students and young researchers focused on issues of mechanics at nano and macro level.

Main topics of the conference:

- Testing of building materials at the nano and macro level
- Destructive and non-destructive method for determining the mechanical properties of building materials
- Relationship between material parameters at the nano and macro level
- Use of nanotechnologies in civil engineering
- Numerical simulations of the behavior of structures and materials

Contributions:

Registration and abstract submission in the range of maximum 200 words (CZ or EN) will take place via the form on the conference website by June 30, 2024. Deadline for submitting of the full text (EN) is July 31, 2024 (minimum 5 pages).

Organizing committee:

Pavel Padevět Ondřej Zobal
Tomáš Plachý Barbora Mužíková
Petr Bittnar Zdeněk Prošek
Pavel Tesárek

Conference fee:

Within SVK 2024 at CTU in Prague free of charge.
